

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office

April 27, 1999      LB 880

Senator Brown. If Senator Brown would yield to a question, I just want to...

PRESIDENT MAURSTAD: Senator Brown.

SENATOR HILGERT: How do we, if Senator Thompson told us that it's \$11.2 million is the need, and I believe you said in...stopping the work camp at this point would be 3.858,752. How was this taking care of the \$11.2 million that Senator Thompson believes that we need? And where does the \$3.8 million go to, Geneva first, Kearney first, Dunbar first, or how does that...

SENATOR BROWN: The...

SENATOR HILGERT: ...I'm just trying to figure this out, Senator.

SENATOR BROWN: Okay, the...this will be dealt with in a subsequent amendment on a subse...in the next bill, but the...it's not just the \$3.8 million. At this point, it's \$3.8 million.

SENATOR HILGERT: Okay.

SENATOR BROWN: Under...on this bill, it is \$3.8 million in operations funds. There is another \$5 million in capital construction that...for the construction of this facility. So it's the combination of the \$3.8 million, which is in the second year of the biennium. There is \$700,000 in the first year of the biennium and then the \$5 million. And so we're just dividing it equally over the two-year biennium.

SENATOR HILGERT: Okay.

SENATOR BROWN: It would be about \$5 million each year that would go into a fund that would be established to...for a facilities master plan and for the renovation of facilities at Kearney and Geneva.

SENATOR HILGERT: So we add up 3.8 plus the 5 plus the 700,000, and we're at 9.5.
